ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

Confidential

1) Submitted to the First Member.

The Dewan was pleased to observe at a personal interview that Mr. Krumbiegel's services may be utilised in obtaining advice on designs ~~and~~ of important buildings and architectural work generally. It is understood that he is not fully worked just now. Perhaps the Chief Engineer may be consulted in the matter.

28th June 1922. 28/6

2) As far as I am concerned I may say that I have not failed to avail myself of Mr. Krumbeigel's services whenever there was any opportunity for them. I am extremely doubtful if Mr. Krumbeigel will like it to work with the P.W.D. There is what is usually known as professional jealousy & the fact that Mr. K is not a regular Engineer by profession goes ~~somewhat~~ against him. Personally I have not the least objection to the proposal the Chief Engineer may be consulted.

This may be done — my idea is to make him [illegible]

Reel 29/6.22

Urgent. Many designs of P.W.D. schemes are faulty & lead to avoidable expense. It will be a check.

N. B.—Should routine notes be written on small slips the notes must be copied, or slips pasted on this form.

Final Note by the ~~Second~~ FIRST Member of Council.

Subject :—

Appointment of Mr. Krumbiegel as Consulting Architect to Government.

In June last the Dewan observed that Mr. Krumbiegel was not full worked and that his services might be utilised in obtaining advice on designs of important buildings and architectural work generally. The Dewan's idea is that Mr. Krumbiegel may be made Consulting Architect to Government as many designs of the Public Works Department estimates are faulty and lead to avoidable expense and that such an appointment would be a check against unnecessary expenditure.

2. The services of Mr. Krumbiegel are, at present, largely laid unde requisition in connection with the preparation of designs for improvement works in the Cities of Mysore and Bangalore, Palace improvements and works connected with the Public Works Department.

3. When the papers came to me I minuted as follows on 29th June 1922

> "As far as I am concerned I may say that I have not failed to avail myself of Mr. Krumbiegel's services whenever there was any opportunity for them. I am extremely doubtful however if Mr. Krumbiege will hit it off with the Public Works Department. There is what is usually known as professional jealousy and the fact that Mr. Krumbiegel is not a regular Engineer by profession goes somewhat against him. Personally I have not the least objection to the proposal and the Chief Engineer may be consulted."

4. The Chief Engineer, who was consulted, is of opinion that Mr. Krumbiegel may be consulted in the case of designs of such buildings as are undertaken by the Public Works Department and require architectural treatment and that in the case of Town Planning of mofussil places and improvements for Bangalore and Mysore Cities, the local bodies may be asked to obtain the opinion of Mr. Krumbiegel on their proposal before they are submitted for sanction.

5. While I feel that the Municipal and other local bodies cannot do

do better than obtain Mr. Krumbiegel's advice in matters relating to Town Planning, laying out of Public Gardens etc., the Second Member is of opinion that so far as the mofussil Municipalities and District Boards are concerned, there will not be any works of importance on hand for many years to come requiring the technical skill and expert knowledge of Mr. Krumbiegel, but, that they will however have no objection to consult him in respect of their small works provided they are not asked to pay.

MYSORE PUBLIC WORKS DEPARTMENT,
CENTRAL OFFICE,

Dated Bangalore 26 **JULY** *1922*.

O
27 JUL 1922

420/8

FROM
S. CADAMBI, ESQ.,
Chief Engineer of Mysore, Bangalore.

Pr. 27-28

TO
B. Venkoba Rao, Esq., B.A.,
Secretary to the Government of Mysore,
General Department, Bangalore.

SIR,

With reference to your letter No.O.513/B.M dated 18th July 1922 in the matter of utilizing the services of Mr.G.H.Krumbiegel in obtaining advice on designs etc, I have the honour to state that so far as the Public Works Department is concerned the construction of large buildings of importance in recent years pertained mainly to those that were required by the University and Education Department. The work on most of them has already been completed or nearing completion. During these two years no original works of magnitude have been undertaken, the progress of this Department being mainly on incomplete works. The Budget for the current year also does not provide for any new buildings and in my opinion for the next few years there will not be any new buildings coming up. Under such circumstances there will be few occasions on which Mr.Krumbiegel could be consulted. However, there is no objection to Mr.Krumbiegel being consulted in the case of design of such buildings undertaken by the Public Works Department requiring architectural treatment.

2. In the case of Town Planning of moffussil places and improvements for Bangalore and Mysore Cities the Local bodies may be asked to obtain the opinion of Mr. Krumbiegel on their pro-

posals before they are submitted for sanction.

I have the honour to be,
Sir,
Your most obedient servant,

Chief Engineer of Mysore.
